How the Medical Expense Benefit Works

If You are injured or become sick during Your study abroad and require medical attention, such as treatment from doctors, hospitalization and medication, this Plan can help protect You against the unexpected medical costs that may occur during Your stay.

There are two Insurance Plans available to You, the Silver Plan and the Gold Plan. Dependents only have the option to enroll in the Silver Plan. You will be insured under the Plan selected on the Enrollment Form.

If You incur costs for covered medical services during the period of coverage You requested and paid for, the Plan works as follows:

Silver Plan:

If You are enrolled in the Silver Plan, You are responsible for the first \$50.00 for each Covered Expense (this is called the Deductible). The Deductible is applied separately to each Covered Accident or Sickness. After the Deductible, most services will be paid at 100% of the Covered Expense incurred for the first \$5,000. Then, the Plan will pay 80% (You are responsible for the remaining 20% -- this is called Coinsurance) of the Covered Expenses incurred in excess of \$5,000 but less than \$25,000. Thereafter, the Plan will pay 100% of the Covered Expenses incurred in excess of \$25,000 up to the Lifetime Aggregate Maximum of \$250,000. Please refer to the Schedule of Benefits below.

Gold Plan:

If You are enrolled in the Gold Plan, the Insurance Plan will pay 100% of the Covered Expenses, except as specified in the Schedule of Benefits below, up to the Lifetime Aggregate Maximum of \$250,000.

Schedule of Benefits

If a Covered accident or Covered Sickness occurs during the Period of Covered, only those expenses specifically described below which are incurred within the Maximum Benefit Period and which are not excluded (see Exclusions section) are considered Covered Expenses.
