

Global Medical Assistance for Students

CDPHP® student plan members have access to emergency medical coverage worldwide, but the travel assistance doesn't end there. You have other benefits available whenever you're 100 miles from home or in another country, including:

Non-emergency care outside the United States

You're covered for injuries and illnesses outside of the country – even if it's not an emergency.

Medical treatment in home country (International students)

If you return home and need non-emergency care, CDPHP has you covered.

Hospital admission assistance

CDPHP will verify eligibility and health benefits in a time of need.

Emergency medical evacuation and repatriation

If you become ill or injured in an area where appropriate care is not available, we'll get you home safely or to the nearest facility.

Return of mortal remains

In the unfortunate event that a student plan member passes away while traveling, CDPHP will handle the preparations and transportation of remains home.

Call member services at the number on your ID card for more information.

Refer to your member contract for a detailed description of coverage.

Discrimination is Against the Law

Capital District Physicians' Health Plan, Inc. (CDPHP®) complies with applicable federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex.
