Yes, pre-existing conditions are covered immediately under the 2014-2015 Student Health Insurance Plan.

What is a deductible? Does this plan have a deductible?

A deductible is the amount for which you are responsible before payment is made by the claims company. Once you have paid the deductible, whether it's applied to one service or multiple services, the plan will pay for covered medical expenses as indicated in the plan brochure.

The Student Health Insurance Plan has a \$200 per person, per policy year deductible that applies to services received from an In-Network Provider and a \$500 per person, per policy year deductible that applies to services received from an Out-of-Network Provider.

Am I required to get a referral from my school's Health Services before I seek treatment?

No, a referral is not required with the Student Health Insurance Plan, but there are many benefits to first seeking care or advice from Student Health Services. Students should be aware that on-campus Health Services are available to them. Your school's Health Services website is <http://uwf.edu/healthcenter/>.

Can I go to any doctor or hospital?

Yes, you can go to any provider; however, you will save money by seeing providers that participate in the UnitedHealthcare Choice Plus PPO Network because providers participating in this network have agreed to accept a predetermined negotiated amount, or Preferred Allowance, as payment for their services.

Go to www.gallagherstudent.com/FloridaUSystem, click on the University of West Florida logo, and then click on 'Find a Doctor' to locate participating In-Network Providers.

Do I get an ID card?

Yes, ID cards are available online. They may be printed from a computer or viewed on your smart phone.

How do I get my prescriptions filled?

- Prescriptions can be filled at any UnitedHealthcare Pharmacy Network participating pharmacy. To find a list of participating pharmacies near you, www.gallagherstudent.com/FloridaUSystem, click on the University of West Florida logo, and then click on 'Pharmacy Program'.
- At participating pharmacies, you will pay a \$15 copayment for a 30-day supply of a Tier-1 drug, a \$30 copayment for a 30-day supply of a Tier-2 drug, and a \$50 copayment for a 30-day supply of a Tier-3 drug.

Prescriptions are also available through a Mail Service Program. Through the Mail Service Program you will pay 2.5x the cost of a 30-day supply for a 90-day supply of your prescription drug. Go to www.gallagherstudent.com/FloridaUSystem, click on the University of West Florida Logo, and then click on 'Pharmacy Program' to learn the details of the pharmacy program, including the Mail Service Program. Students who take maintenance drugs are encouraged to use the Mail Service Program to be able to receive the maximum benefit available.

Outpatient medications for treatment of a Covered Expense are covered prescriptions. If the treatment of a medical condition is limited or excluded from the plan, the outpatient prescription is likewise limited or excluded.

Does this plan cover me when I am off campus, traveling or studying abroad?

Yes, the Student Health Insurance Plan covers you during semester breaks, summer vacation and even if you're traveling or studying abroad. You'll be covered for the period for which you paid premium.

In addition to being covered for medical treatment and services, you will also be covered for Repatriation of Remains, Emergency Medical Evacuation and Travel Assistance Services through FrontierMEDEX, the 24-hour worldwide assistance service. All services must be arranged for in advance and provided by FrontierMEDEX. Any services not arranged by FrontierMEDEX will not be considered for payment.

- When studying or traveling abroad, keep your Student Health Insurance ID card with you and take a copy of the brochure for reference.
- When outside of the United States, you will likely be asked to pay for your medical care first and will then need to seek reimbursement. Covered Expenses will be reimbursed on an Out-of-Network basis.
- When you submit claims for reimbursement, you will need to have the itemized bill(s) translated into English and include a letter informing the claims administrator that you are seeking reimbursement for charges previously paid.
- Please ensure that your name, ID number, address (to receive your reimbursement check), and the school name are on the bill.

Eligibility, Enrollment & Waiving

Who is eligible for the plan?

- All international students, including Visiting Scholars, are required to have a health insurance plan that meets the Florida Board of Governors requirements and is comparable to this Student Health Insurance Plan.
- Eligible Dependents may participate in this plan on a voluntary basis.

Can I enroll my eligible dependents?

Yes, you can enroll your eligible dependent(s) at the same time as your own initial plan enrollment by following the steps described in the 'How do I...' section of this document. Dependent coverage must be purchased for the same time period as the student's period of coverage and cannot exceed coverage purchased by the student. For example, a student enrolled for annual coverage cannot purchase dependent coverage for the spring semester unless a qualifying event, as defined below, occurs.

Students can also add eligible dependent(s) if they experience one of the following qualifying events: (a) marriage (b) birth of a child, (c) divorce, or (d) if the dependent is entering the country for the first time. If dependent enrollment meets one of these qualifying events, the Dependent Enrollment Form, supporting documentation, and payment **must** be received by Gallagher Student Health & Special Risk within 31 days of the qualifying event. Forms received more than 31 days after the qualifying event will not be processed. Once a dependent is enrolled, coverage cannot be terminated unless the student loses eligibility.

What about Health Care Reform? How does that affect my Student Health Insurance Plan?

If you are under the age of 26, you MAY be eligible to enroll as a dependent under the employer health insurance plan held by your parent(s). However, before you do so, you should fully compare the employer plan against this Student Health Insurance Plan to determine which plan's rates, benefits and coverage are most appropriate for you.

In addition to the items mentioned above, keep in mind that Student Health Insurance Plans are generally less expensive than individual plans with similar benefits. In fact, your total out-of-pocket cost (including premium and deductibles) may be significantly LESS with this Student Health Insurance Plan, especially if your parents' employer plan is considered a 'high deductible' plan.

What is considered 'comparable coverage'?

Determining comparable coverage requires comparison of cost-sharing levels (deductibles and coinsurance) and access to In-Network Providers. The level of benefits should meet or exceed the benefits provided through the Student Health Insurance Plan. Coverage is considered comparable if it provides students with access to a range of services in and around the area where they attend school. Services include, but are not limited to, preventive and primary care, emergency care, surgical care, inpatient and outpatient hospitalization benefits, lab work, diagnostic x-rays, physical therapy and chiropractic care, prescriptions, and mental health and substance abuse treatment. Also, consider the amount of your current plan's deductible and In- and Out-of-Network coinsurance to avoid high out-of-pocket costs. Students should be able to seek these services from providers who are considered In-Network or Preferred. If your current plan is an HMO, it is very likely that coverage is limited, or not available, outside of the HMO's service area.

Plans that only provide emergency services in the campus area are not considered comparable.

Claims Processing

What should I do if I receive a bill, or need to be reimbursed, for services I received?

Physicians should bill the claims administrator. The billing information is on the back of your Student Health Insurance ID card. However, if you do receive a bill or if you have paid for a service and need to be reimbursed, please send your bill (and proof of payment if seeking reimbursement) to the claims administrator. You do not need an additional claim form. Make sure your name, health insurance ID number, and school name are on the bill. Make a copy for your records before sending to the claims administrator at the address provided in the Important Contact Information section of this document.

Is any other information needed in order to pay a claim?

If the treatment you received was a result of an accident, you will receive notification from the claims administrator asking for information about the accident, i.e. was it the result of a car accident, from playing sports, etc. Your claim cannot be processed without this information, so please respond promptly. You may also receive a request asking if you are covered by any other health insurance plan. It is important that you respond promptly to this as well.

How will my claims be paid if I have other health insurance in addition to the Student Health Insurance Plan?

The Student Health Insurance Plan has a coordination of benefits provision. This means your plan with Gallagher Student Health & Special Risk will coordinate the payment of claims with your other insurance company. You will need to provide the claims company with information about your other health insurance company.

Please refer to the brochure for details.

What enhancements are available under this plan?

Will I be covered under the plan after I graduate?
