Am I required to get a referral from my school's Health Services before I seek treatment off campus?

No, a referral is not required with the Student Health Insurance Plan, but there are many benefits to first seeking care or advice from Health Services. Students should be aware that on-campus Health Services are available to them. Your school's Health Services

Does this plan cover me when I am off campus, traveling or studying abroad?

Yes, the Student Health Insurance Plan covers you during semester breaks, summer vacation and even if you're traveling or studying abroad. You'll be covered for the period for which you are enrolled and premiums are paid.

In addition to being covered for medical treatment and services, you will also be covered for Emergency Medical Evacuation, Repatriation of Remains, On Call International and 24-hour worldwide travel assistance services through On Call International. All services must be arranged for in advance and provided by On Call International. Any services not arranged by On Call International will not be considered for payment.

- When studying or traveling abroad, keep your Student Health Insurance ID card with you and take a copy of the brochure for reference.
- When outside of the United States, you will likely be asked to pay for your medical care first and will then need to submit for reimbursement. Covered Expenses will likely be reimbursed on an Out-of-Network basis.
- When you submit claims for reimbursement, you will need to have the itemized bill(s) translated into English and include a letter informing the claims administrator that you are seeking reimbursement for charges previously paid.
- Please ensure that your name, ID number, address (to receive your reimbursement check), and your school's name are on the bill.

Will I be covered under the plan after I graduate?

You will be covered under the Student Health Insurance Plan until the end of the policy period for which you are enrolled and premium has been paid. If you enrolled and paid for annual or spring/summer coverage and graduate in the spring, you will be covered until the end of the policy year. There is no option to continue coverage after the policy terminates.

Eligibility, Enrollment & Waiving

Who is eligible for the plan?

All full-time Undergraduates taking 12 or more credits, School of Pharmacy, Physician Assistant and Graduates students when the student is either a campus resident or an International student are automatically enrolled, unless proof of comparable coverage is provided.

Students must actively attend classes for at least the first 31 days after the effective date of the period for which coverage is purchased. Home study, correspondence, and online courses do not fulfill this requirement.

Can I enroll my eligible dependents?

Yes, you can enroll your eligible dependent(s) at the same time as your own initial plan enrollment by following the steps described in the 'How do I...?' section of this document. Dependent coverage must be purchased for the same time period as the students and cannot exceed the student's period of coverage. For example, a student enrolled for annual coverage that doesn't enroll their dependents for annual coverage cannot purchase dependent coverage for the spring semester unless a qualifying event, as defined below, occurs.

Students can add eligible dependent(s) if one of the qualifying events occur: (a) marriage, (b) birth of a child, (c) divorce, or (d) if the dependent is entering the country for the first time. If one of these qualifying events occurs, the Dependent Enrollment Form, supporting documentation and payment **must** be received by Gallagher Student Health & Special Risk within 31 days of the qualifying event. If approved, coverage will start on the date of the qualifying event. The premium is prorated. Forms received more than 31 days after the qualifying event will not be processed. Once a dependent is enrolled, coverage cannot be terminated unless the student loses eligibility.

How do recent changes to the Affordable Care Act affect Student Health Insurance Plan?

One of the recently signed Executive Orders removed the federal penalty you would be assessed for not being enrolled in a health insurance plan beginning in 2019, but it is important to know that the mandate to have health insurance remains in place. However, your state of residence may have additional insurance requirements. Your school-sponsored Student Health Insurance Plan (SHIP) is

fully compliant with health care reform and the Affordable Care Act (ACA). Being enrolled in SHIP meets the mandate to have health insurance.

Being ACA compliant means the SHIP provides specific essential health benefits such as certain preventive care services such as annual physical and GYN exams, and covers pre-existing conditions without any waiting period. To learn more about covered preventive services, go to <https://www.healthcare.gov/coverage/preventive-care-benefits/>.

There have been an increasing number of insurance carriers deciding to not participate in state or federal Exchange or Marketplace. Those that continue to participate are offering plans with limited-provider networks or HMO networks. While it is important to not only have health insurance coverage available to meet the waiver requirement, it is equally important your health insurance plan has participating doctors and hospitals in the area where you are attending school. Additionally, Marketplace plans typically have annual deductibles much higher than the cost of your school's sponsored Student Health Insurance Plan.

If you are under the age of 26, you MAY be eligible to enroll as a dependent on a family's employer/group health insurance plan. Contact that plan for more information.

What is considered 'comparable coverage'?

Having a plan of comparable coverage means your health insurance plan must be fully-compliant with the Affordable Care Act (ACA) and meet or exceed the benefits provided through the Student Health Insurance Plan (SHIP). This means your plan needs to have participating providers and cover a range of services in and around the area where you attend school. Services include, but are not limited to, preventive and non-urgent care, emergency care, surgical care, inpatient and outpatient hospitalization, lab work, diagnostic x-rays, physical therapy and chiropractic care, prescription drugs, mental health and substance abuse treatment. If your current plan is an HMO, it is very likely that coverage is limited, or not available, outside of the HMO's service area.

Before deciding whether or not to waive coverage, compare your current health insurance plan to the SHIP to look at your possible out-of-pocket costs – deductibles, copays, coinsurance, and out-of-pocket maximums. You may find your out-of-pocket costs are greater than paying the premium for SHIP.

Plans that are not considered comparable include: plans that only provide emergency services, international plans, travel insurance plans, Medi-share type plans, out-of-state Medicaid plans, and plans from insurance companies not located within the United States.

Can I waive the Student Health Insurance Plan with any of the insurance plans offered through my State's Marketplace?

Students are eligible for the insurance plans offered through their home state's Marketplace. If you are a resident of the state in which you are attending school and are enrolled in a plan purchased through the Marketplace, you may be able to waive the Student Health Insurance Plan. Please review these plans carefully. Many of these plans will have a deductible greater than the deductibles on the Student Health Insurance Plan which will increase your out-of-pocket costs. Also, many of these plans are HMOs with restrictive provider networks so, look at the provider network to be sure that In-Network Providers are located near your campus.

If you are an international student, it's important to realize purchasing a subsidized plan through the Marketplace may jeopardize your visa status.

Please note, choosing to enroll in a State Marketplace plan mid-year is not considered a qualifying event that would allow you to terminate enrollment in the Student Health Insurance Plan.

Is there anything I need to know before waiving coverage?

Before waiving coverage you should review your current policy, considering the following:

- Is your plan fully compliant with the Affordable Care Act? (reference the "What is considered Comparable Coverage" question above)
- Will your current plan cover medical care beyond emergency services (i.e. doctor's office visits, diagnostic testing, x-rays, prescription drugs, mental health, etc.) on- and off-campus?
- Does your plan have doctors and hospitals near campus?
- If you plan to travel elsewhere during the course of the year, does your coverage extend to these areas as well?
- Check the cost -- is the annual cost of this Student Health Insurance Plan less expensive than the cost of being added as a dependent to your parents' plan? Be sure to compare deductibles and total out-of-pocket costs, not just the annual premium.

- Are there administrative pre-requirements, pre-certification, or Primary Care Physician referrals required under your current plan that may delay receipt of care?

Please Note:

- Students who do not complete a waiver form by the published deadline will be automatically enrolled in and billed for the Student Health Insurance Plan.
- Once eligibility is met, you are enrolled for the remainder of the policy and cannot waive later in the year.
- If you choose to waive coverage, there will not be another opportunity to enroll in the Plan until the following plan year unless you experience a qualifying event.

Once I'm enrolled in the Student Health Insurance Plan, can I terminate coverage? Can I get a refund?

Yes, students can request to terminate coverage and receive a pro-rated refund of premium in the following situations:

1. When a student enters the armed forces.
2. When a student submits a written request to Gallagher Student Health & Special Risk to cancel coverage. Students should contact Gallagher Student Health & Special Risk to receive further information and instructions. Students who do not have coverage that is comparable to the school plan will not be allowed to terminate coverage.
