Am I required to get a referral from my school's Health Services before I seek treatment off campus?

No, a referral is not required with the Student Health Insurance Plan.

Does this plan cover me when I am off campus, traveling or studying abroad?

Yes, the Student Health Insurance Plan covers you during semester breaks, summer vacation and even if you’re traveling or studying abroad. You’ll be covered for the period for which you are enrolled and premiums are paid.

In addition to being covered for medical treatment and services, you will also be covered for Emergency Medical Evacuation, Repatriation of Remains, and 24-hour worldwide travel assistance services through ACE Travel Assistance Services. All services must be arranged for in advance and provided by ACE Travel Assistance Services. Any services not arranged by ACE Travel Assistance Services will not be considered for payment.
• When studying or traveling abroad, keep your Student Health Insurance ID card with you and take a copy of the brochure for reference.
• When outside of the United States, you will likely be asked to pay for your medical care first and will then need to submit for reimbursement. Covered Expenses will likely be reimbursed on an Out-of-Network basis.
• When you submit claims for reimbursement, you will need to have the itemized bill(s) translated into English and include a letter informing the claims administrator that you are seeking reimbursement for charges previously paid.
• Please ensure that your name, ID number, address (to receive your reimbursement check) and your school’s name are on the bill.

**Will I be covered under the plan after I graduate?**

You will be covered under the Student Health Insurance Plan until the end of the policy period for which you are enrolled and premium has been paid. If you enrolled and paid for annual or spring/summer coverage and graduate in the spring, you will be covered until the end of the policy year. There is no option to continue coverage after the policy terminates.

**Eligibility, Enrollment & Waiving**

**Who is eligible for the plan?**

All full-time students registered for nine or more credit hours are automatically enrolled in and billed for the Student Health Insurance Plan unless proof of comparable coverage is received by the published deadline. This includes students enrolled in day and evening classes.

Students must actively attend classes for at least the first 31 days after the effective date of the period for which coverage is purchased. Home study, correspondence and online courses do not fulfill this requirement.

**Can I enroll my eligible dependents?**

The Student Health Insurance Plan does not provide coverage for dependents.

**How do recent changes to the Affordable Care Act affect Student Health Insurance Plan?**

One of the recently signed Executive Orders removed the federal penalty you would be assessed for not being enrolled in a health insurance plan beginning in 2019, but it is important to know that the mandate to have health insurance remains in place. However, your state of residence may have additional insurance requirements. Your school-sponsored Student Health Insurance Plan (SHIP) is fully compliant with health care reform and the Affordable Care Act (ACA). Being enrolled in SHIP meets the mandate to have health insurance.

Being ACA compliant means the SHIP provides specific essential health benefits such as certain preventive care services such as annual physical and GYN exams, and covers pre-existing conditions without any waiting period. To learn more about covered preventive services, go to [https://www.healthcare.gov/coverage/preventive-care-benefits/](https://www.healthcare.gov/coverage/preventive-care-benefits/).

There have been an increasing number of insurance carriers deciding to not participate in state or federal Exchange or Marketplace. Those that continue to participate are offering plans with limited-provider networks or HMO networks. While it is important to not only have health insurance coverage available to meet the waiver requirement, it is equally important your health insurance plan has participating doctors and hospitals in the area where you are attending school. Additionally, Marketplace plans typically have annual deductibles much higher than the cost of your school’s sponsored Student Health Insurance Plan.

If you are under the age of 26, you MAY be eligible to enroll as a dependent on a family’s employer/group health insurance plan. Contact that plan for more information.

**What is considered ‘comparable coverage’?**

Having a plan of comparable coverage means your health insurance plan must be fully-compliant with the Affordable Care Act (ACA) and meet or exceed the benefits provided through the Student Health Insurance Plan (SHIP). This means your plan needs to have participating providers and cover a range of services in and around the area where you attend school. Services include, but are not limited to, preventive and non-urgent care, emergency care, surgical care, inpatient and outpatient hospitalization, lab work,
diagnostic x-rays, physical therapy and chiropractic care, prescription drugs, mental health and substance abuse treatment. If your current plan is an HMO, it is very likely that coverage is limited, or not available, outside of the HMO’s service area.

Before deciding whether or not to waive coverage, compare your current health insurance plan to the SHIP to look at your possible out-of-pocket costs – deductibles, copays, coinsurance, and out-of-pocket maximums. You may find your out-of-pocket costs are greater than paying the premium for SHIP.

Plans that are not considered comparable include: plans that only provide emergency services, international plans, travel insurance plans, out-of-state Medicaid plans and plans from insurance companies not located within the United States.

**Can I waive the Student Health Insurance Plan with any of the insurance plans offered through my State’s Marketplace?**

Students are eligible to enroll in an insurance plan offered through their home state’s Marketplace. If you are a Massachusetts resident, you may be able to waive the Student Health Insurance Plan if enrolled in a plan purchased through the Massachusetts Health Connector. Please review these plans carefully. Many of these plans will have a deductible greater than the deductibles on the Student Health Insurance Plan which will increase your out-of-pocket costs. Also, many of these plans are HMOs with restrictive provider networks, so look at the provider network to be sure that In-Network Providers are located near your campus.

If you are an international student it’s important to realize purchasing a subsidized plan through the Marketplace may jeopardize your visa status.

If you are not a Massachusetts resident, there is a strong possibility a plan purchased through your home State’s Marketplace will not provide adequate coverage. Carefully review the Plan’s network availability in the area where you will be attending school before purchasing.

**Is there anything I need to know before waiving coverage?**

Before waiving coverage you should review your current policy, considering the following:

- Is your plan fully compliant with the Affordable Care Act? (reference the “What is considered Comparable Coverage” question above)
- Will your current plan cover medical care beyond emergency services (i.e. doctor’s office visits, diagnostic testing, x-rays, prescription drugs, mental health, etc.) on- and off-campus?
- Does your plan have doctors and hospitals near campus?
- If you plan to travel elsewhere during the course of the year, does your coverage extend to these areas as well?
- Check the cost -- is the annual cost of this Student Health Insurance Plan less expensive than the cost of being added as a dependent to your parents’ plan? Be sure to compare deductibles and total out-of-pocket costs, not just the annual premium.
- Are there administrative pre-requirements, pre-certification or Primary Care Physician referrals required under your current plan that may delay receipt of care?

**Please Note:**

- Students who do not complete a waiver form by the published deadline will be automatically enrolled in and billed for the Student Health Insurance Plan.
- Once eligibility is met, you are enrolled for the remainder of the policy and cannot waive later in the year.
- If you choose to waive coverage, there will not be another opportunity to enroll in the Plan until the following plan year unless you experience a qualifying event.

**If I lose coverage with the Plan I waived with, can I enroll in the Student Health Insurance Plan?**

Yes, students who waive the Student Health Insurance Plan and then lose coverage under that plan may submit a Petition to Add form. The form can be found on the Gallagher Student Health & Special Risk website for your school under the ‘Petition to Add’ link on the left side of the page. Make sure you read the form carefully as it contains very specific information on the Petition to Add process.
Once you are enrolled in the Student Health Insurance Plan, you will remain enrolled for that period of coverage. However, students enrolled in annual coverage may only request a termination of coverage and a pro-rated refund of premium in the following situations:

1. When a student enters the armed forces.
2. When a student is enrolled in annual coverage and has one of the following occur, they may request to cancel the spring portion of the insurance, prior to the start of the spring coverage period:
   a. Student disenrolls from school during the fall semester or prior to the spring semester.
   b. Student becomes eligible for and enrolls in a subsidized Health Insurance Plan through the Massachusetts Health Connector and coverage is effective on or before the start of the spring health insurance coverage period (not academic spring semester).
   c. Student becomes eligible for and enrolls in MassHealth (excluding MassHealth Limited, the Health Safety Net or the Children’s Medical Security Plan) and coverage is effective on or before the start of the spring health insurance coverage period (not the academic spring semester).

For option two, the request for termination of coverage must be received by Gallagher Student Health & Special Risk no later than the last day of Fall coverage.
