---

# Welcome to UnitedHealthcare's Dental Plan

Please take a moment to review this provider directory. UnitedHealthcare Dental wants to make sure you are satisfied with your dental benefits. If you have any questions, please contact the UnitedHealthcare Dental Member Services Department.

---

## *Your dental directory*

We have included an extensive directory of network dentists located throughout the community. The dentist information that can be found within this directory includes:

- Name, location and phone number
- Foreign languages spoken, if any
- Wheelchair accessibility
- Whether or not the office is accepting new patients

A list of general dentists and specialists is included in this directory. You do not need a referral from a general dentist to receive care from a specialist.

Should you have questions, please call the UnitedHealthcare Dental toll-free number listed in your enrollment information.

## *Meeting our quality standards*

You can have confidence knowing you are receiving care from dentists who have been carefully selected for participation in our network. All network dentists undergo a rigorous review and credentialing process prior to being accepted into our network, which includes the following major elements:

- Dentist education, training and experience
- Licensure, certification and other regulatory considerations
- Malpractice history

This process confirms that each dentist has the required credentials to participate in the network.

UnitedHealthcare Dental cannot guarantee the continuing participation of dentists currently listed in this directory. The network of dentists may occasionally change. We recommend that you call the UnitedHealthcare Dental Member Services Department to verify that a dentist is currently participating in the network prior to seeking care.
