

See better – live better

Gallagher Student Health & Special Risk vision coverage provided by EyeMed Vision Care

Your eyes say a lot about you – from your emotions to vision and your overall health. And, when you're proactive about protecting your eyes, the impact is clear.

Regular eye exams not only correct vision problems, they also can reveal early warning signs of more serious health conditions such as hypertension, cardiovascular disease and diabetes. So, schedule exams annually and you'll be set on a path to better health.
